Bonus wasn't cause of Galaxies' exit — Aubynn

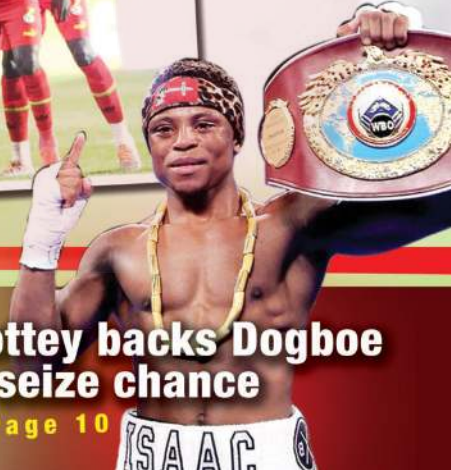

Story: Peter Sarbah

THE Chairman of the Black Galaxies Management Committee, Dr Toni Aubynn, has refuted claims that a row over unpaid bonus contributed to the team's exit from the ongoing Championship of Africa Nations Tournament in Algeria. The Galaxies crashed

Wout Weghorst

Rise to surprise

DUTCH star, Wout Weghorst, never dreamt his career would suddenly take him to Manchester United until he received that surprise call from his agent that the Old Trafford club was interested in him.

In fact at that time the player and his girlfriend, Nikki van Esch, expressed dismay when the call came through, especially knowing that his previous stint in the English Premier League with Burnley was unsuccessful.

Despite his unsuccessful campaign in the Premier League with the relegated Burnley, the 30-year-old is certain it could work this time around.

Born in Borne, Netherlands, Weghorst started his career at local clubs RKS NEO and DETO Twenterand, before joining Eredivisie club Willem II in 2011.

Since making his professional debut for Emmen in 2012, the player has moved on to play for several other clubs including Heracles Almelo, AZ, VfL Wolfsburg, and Burnley before moving on loan to Turkish side, Besiktas.

The on loan to Manchester United is blessed with two adorable children. Their oldest daughter, Juul, was born on August 17, 2018. The couple welcomed their youngest daughter, Lucie Mary Jo, on April 17, 2020.
